

Photovoltaic modules from German manufacturer developed and manufactured with German quality demand reliable . powerful . attractive passionate . honest . empathic

## BIPV

monocrystalline solar module AX M-60 premium sol, developed for the perfect building integration

## **SOLRIF**<sup>®</sup>

Solrif has become the market leader with their patented BIPV-System and is well-established due to high yields, functional aesthetics and simple installation. A high efficiency solar roof tile has been developed using PV laminates from AxSun and the Solrif BIPV mounting system from Schweizer. Thus, conventional roof tiles can be totally replaced on a pitched roof.

Our BIPV-System is a real integration compared to roof-mounted PV systems.

HIGHPOWER!

15 year product guarantee

▶ 25 year performance guarantee

- very good performance tolerance +0/+5Wp
- ▶ compatible with all common inverters
- constant production control
- Processing of high quality components according to German quality standards

## AX M-60<sub>3.2</sub> premium sol HIGHPOWER
