

# JUPITER I SYSTEM:

## Ground Mount System

\*Patent Pending

### Product Detail:

Orion's Jupiter I System integrates locally sourced schedule 40 pipes with Orion's signature rails to create a ground mount system adaptable for any terrain. Minimal parts and simple installation results in a sturdy mount for your solar needs

### Features:

- Rails are made from 6005 Aluminum
- Caps are made from galvanized steel

**20 Year Warranty**  
Twice the protection offered by competitors.

**UL Listed**  
UL2703

**Simple Assembly**  
Modular system adapts to most terrain.

**Integral Grounding**  
Streamlines equipment grounding.

**Rugged Construction**  
High strength galvanized structure.

**ARA**  
Buy American Act Compliant

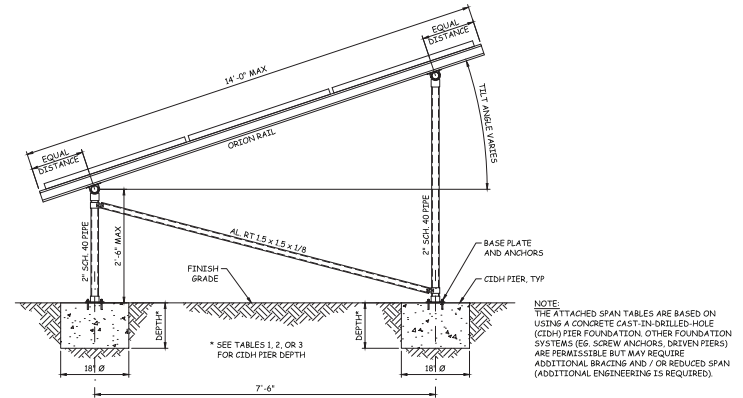

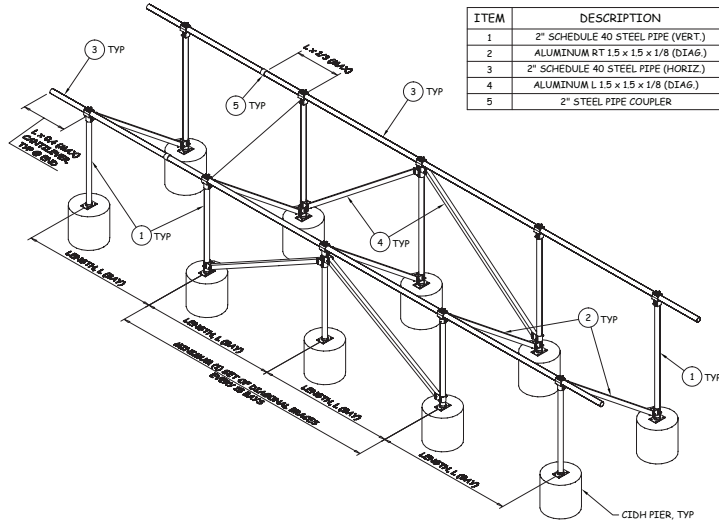

**Engineer Certified**  
We offer complete engineering resources and pre-stamped certified letters.

# JUPITER I SYSTEM:

## Ground Mount System

\*Patent Pending

## Ground Mount Components

### Schedule 40 Pipes

Locally sourced Schedule 40 Pipes create the ground mount structure and provide stability.

### Steel Caps

Steel caps are fitted with U-Bolts and connect pipes and angle braces together.

### U-Bolts

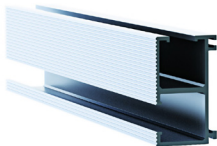

U-Bolt hardware fits perfectly with the schedule 40 Pipes

### Angle Brace

Aluminum Extruded braces provide seismic support for the ground mount arrays.

## Raking Components

### Orion Rails

Made from 6005 Aluminum, these rails are the backbone of the system. Available in Mill, Clear anodized, or black anodized.

### Angle Splice Kits

These kits mount and support the Rails to the Pipes. Think of them as the bridge between rails and pipes.

### Clamps

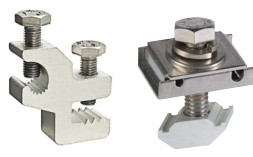

Grounding clamps mount and ground modules to the rails.

## Grounding and Accessories

### Adjustable Legs

These legs can adjust your tilt to 10-60 degrees. Works easily with our system.

### Grounding Lug

Complete the grounding with our smart ground clip.

### Microinverter Attachments

Mount and ground your microinverter to our system with our Star Washer Assembly.

### Wire Clips

Available in Stainless Steel or Black Plastic for all your wire management needs.
