

GS-Smart Ground Mounting System Solution

Carport Mounting System

System Introduction

Grace Solar carport mounting system is made of high-strength aluminum alloy, which meets the safety, installation convenience and beauty of customers' needs. In addition, the GS series adopts special structural design, which can take two cars as a unit and combine them freely to save space to the greatest extent. It provides a 10-year quality guarantee.

Suitable Power Plant Project

It is applicable to all power plant projects.

Features

- Unique waterproof structure with good waterproof effect;
- Simple structure, few parts and low installation cost;
- All-aluminum alloy solution, beautiful appearance.

Technical Information

Installation site	Ground
Material	High-strength aluminum alloy &A2-70
Module Specification	Framed
Corrosion resistance treatment	Anodic oxidation
Maximum wind speed	46m/s
Maximum snow cover	150cm
Foundation	Ground screw foundation
Quality Assurance	10-year quality guarantee
