

Battery Cluster

CE38240-300 High voltage Battery cluster

Product Features

- Plug and play design, quick installation
- High inverter compatibility
- Safe LiFePO4 rechargeable battery
- Higher usable energy ratio, less self consumption
- Contains no toxic heavy metals or caustic materials

Technical Data

Battery Rack Size 2172mm(W)*733mm(D)*2014mm(H)

Rated Capacity 240Ah@0.5C,25°C

Rated Voltage 1305.6V (408cells)

Voltage Operating Range 1142.4V~1468.8V

Max. Continuous Charge Rate 0.5C@25°C

Max. Continuous Discharge Rate 0.5C@25°C

Rated Weight 3360kg

Rated Energy 313.344kWh
