

About SmarTEC

SmarTEC engaged in the field of new energy since 2007 which covers the R&D, sales, and manufacture of lithium battery protection circuits (PCM), battery management systems (BMS), Lithium batteries/ NMC batteries/ LiFePO4 batteries, off-grid all-in-one energy storage system (ESS), etc.

Keeping up with the development trend of global green environmental protection, SmarTEC has constantly updated the advanced protection technology and established a good quality assurance system to ensure the green power with high efficiency.

Now SmarTEC has already become a professional supplier of one-stop solutions in the storage field different solutions:

(Off-grid) all-in-one Energy Storage System (ESS)

Lithium / LiFePO4 Storage Batteries

since 2007
Lithium batteries Experience

BMS production line;
Battery Pack production line.

200 employees
factory area 6000m²

dongguan Factory;
shenzhen sales office;

15-20 engineers
Technical Team

more than 5-10 years
in the field

10 salesman
Oversales Department

a young team with multilingual
communication

SMARTEC PRODUCTS DEVELOPMENT HISTORY

Subject: Battery Order

Dear Peyton,

Good quality for your battery pack, now we want buy 1000pcs more for our market.

Requirement is attached, pls check.

Best Regards,

Tony

HOW TO MAKE THE BATTERY PACK

PCM / BMS + BATTERIES ASSEMBLY = BATTERY PACK
(self-developed) (Self-made) (One-stop Solution)

PCM/BMS production

1-SMT

2-Reflow soldering

3-Apperance Inspection

4-Soldering

5-Testing

Battery Pack Production

6-Single cell sorting

7-Battery welding

8-Assembled with BMS

9-Temp.testing

10-Aging test of semi-finish

1-Aging test of battery pack

12-Packed in case

13-Aging test of finished batteries

14-Test of finished batteries

15- Ready for shipping

CUSTOMIZED BATTERY PACK

Just inform us the details what you need. The Lithium ion Batteries could be desinged based on your limited dimension and specific applications.Let's start it according to the following steps in order to save our paper work time.

1

Check the details of your battery pack

2

offer quotation and solution for discussion

3

Provide datasheet and drawing for final confirmation

4

Build samples for your test

5

sign a contract before mass production

COMPANY PROFILE

About MUST

PACKAGE & DELIVERY

FAQ

1 Q : how long warranty you can provide?

A : normally one year

2 Q : what's the service life of lifepo4 batteries?

A : 3-5 years or 5-7years (depends on the specific cells of your solution)

3 Q : Can I have a sample order?

A : Yes, we welcome sample order to test and check quality.

4 Q : Where can I get the price?

A : We will offer you the best quotation in 12 hours after we get the product specifications such as voltage capacity application etc.

5 Q : What is your terms of payment?

A : T/T 30% as deposit, and 70% before delivery. We'll show you the photos of the products and packages before you pay the balance.

6 Q : How about your delivery time?
