

# KESS Series Integrated Energy Storage System

C&I KESS20HG/40HG

Model	KESS20HG	KESS40HG
Power Range	50-630kW	100-1250kW
Battery Capacity	Customised	Customised
PV Input Access	Optional	Optional
On/Off-Grid Switching	Optional	Optional
PCS Chamber Cooling Method	Smart Fan Cooling	Smart Fan Cooling
Battery Chamber Cooling Method	Air Conditioner	Air Conditioner
Fire Suppression System in Battery Chamber	FM200/Novoc 1230	FM200/Novoc 1230
Ambient Temperature	-15°C-45°C	-15°C-45°C
Max Altitude	3000m	3000m
Relative Humidity Range	5%-95% ( No Condensation )	5%-95% ( No Condensation )
Protection Degree	IP54	IP54
Dimensions( L * W* H)	6058*2438*2896mm	12192*2438*2896mm
Communication to SCADA	Ethernet ( IEC104)	Ethernet ( IEC104)

LFP Battery System, PCS, Fire Suppression System

Standard 20/40 Feet Container, Easy Transportation

Smart and Efficient HVAC Design for Lower Loss and Better Safety

Quicker One-stop Delivery with In-factory Installation and Commissioning

HVRT/LVRT

Standard Communication Portal, Fitting Third Party SCADA

Equipped with PQ, VSG, VF, and Black Start

IP54 Protection, Can Handle Harsher Outdoor Environment
