

【 Aluminum Ground mounting system 】

Design Conditions	
Application:	Flat ground; Slope
Wind speed:	Up to 79.2 m/s (Australia wind region D)
Snow load:	100cm
PV module:	Framed, unframed
Layout way:	Landscape/portrait
Elevation angle:	≤ 60 °
Material:	6005-T5+SS304
Foundation:	Screw pile/Concrete foundation
Standard:	AS/NZS1170.2:2011, JIS C 8955:2017
Warranty:	10 years
Surface treatment:	Anodizing

Advantage:

1. Highly pre-assembly;
2. Light weight;
3. Fast construction
4. Material 100% recycle
