

# Solar Hybrid Charge Controller

AC grid charging in case of lower solar power and provides continuous specified power to the load 24x7

## LED Indications

- Battery Full Charged On PV: Green LED Constant Glow
- Battery Full Charged On AC: Yellow LED Constant Glow
- Battery Low: Red LED Constant Glow

Load Port For  
Connecting DC  
Loads

Ac Option Is  
Available

Suitable For  
12V - 100W Solar  
Panel

Suitable For Li-ion,  
Life-Po4 & Lead Acid  
Battery
