

Enerone EX

6.6KWH & 6.2KW

All in one

Energy Storage Power Supply
Product Specification

Features

- Mobile design for many usage
- Easy to USE, multiple Input/output ports.
- High cost performance.
- Support PV and main Grid charging.
- Use LFP cell,safe and reliable,with a design life of more than 5 years.

Application scenario

Home Backup / RV / Office

6.6KWH & 6.2KW All in one Technical Specification

Data sheet	Enerone EX
Battery type	LiFePO4
Battery Energy	6600Wh
AC Input	170-280VAC 50/60Hz
AC Output	220VAC-240VAC 50/60Hz
Capacity	130Ah
Nominal Voltage	51.2V
Inverter	6200W
Surge power	13.2KW
PV Array Power	55-450VDC
Size(L*W*H)	560*300*540mm
Weight	Approx 80+0.5kg

Multiple Input/Output

LiFePO4

Dual USB output

Intelligent battery management system

6200W bidirectional inverter

HD display

6000W photovoltaic fast charging

DC Breaker

Flexible universal caster
