

T BRANCH CONNECTOR

5 to 1
1000V

CE certification

Electric conductivity | Fire retardant

Waterproof and dustproof

6⁺ FEATURES & BENEFITS

Precision craftsmanship Safety and reliability

Waterproof and dust proof

Tinned copper

Highly Flame Retardant

High and low temperature resistance

Environmental protection

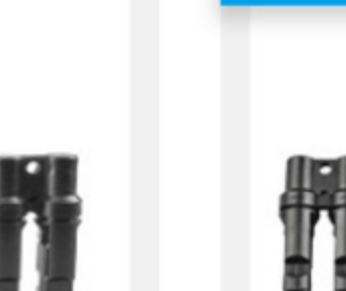

High reverse resistance

T-BRANCH 1000V SERIES

PV004-T2

PV004-T3

PV004-T4

PV004-T5

PV004-T6

PARAMETER

Manual measurement, there are errors, to prevail in kind

·Type
PV004-T5

·Insulation Material
PPO

·Rated Voltage
1000V DC

·Ambient Temperature
-40°C~+85°C

·Rated Current
30A

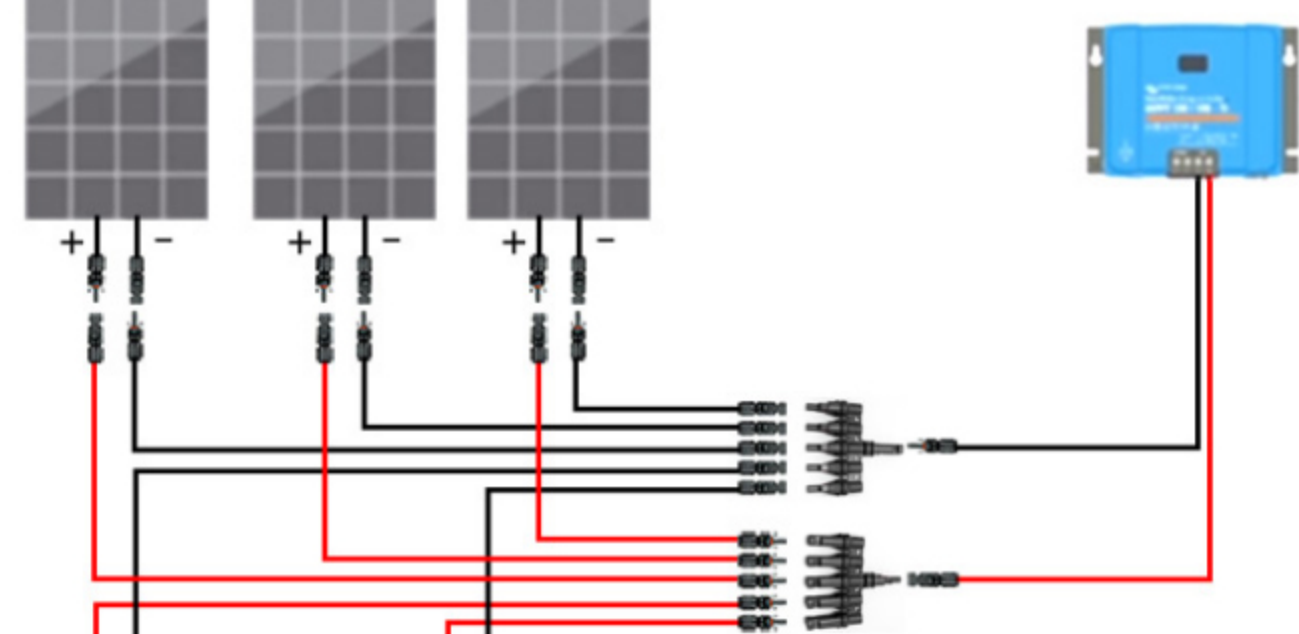

·Contact Materials
Tinned copper

·Contact Resistance
≤0.5MΩ

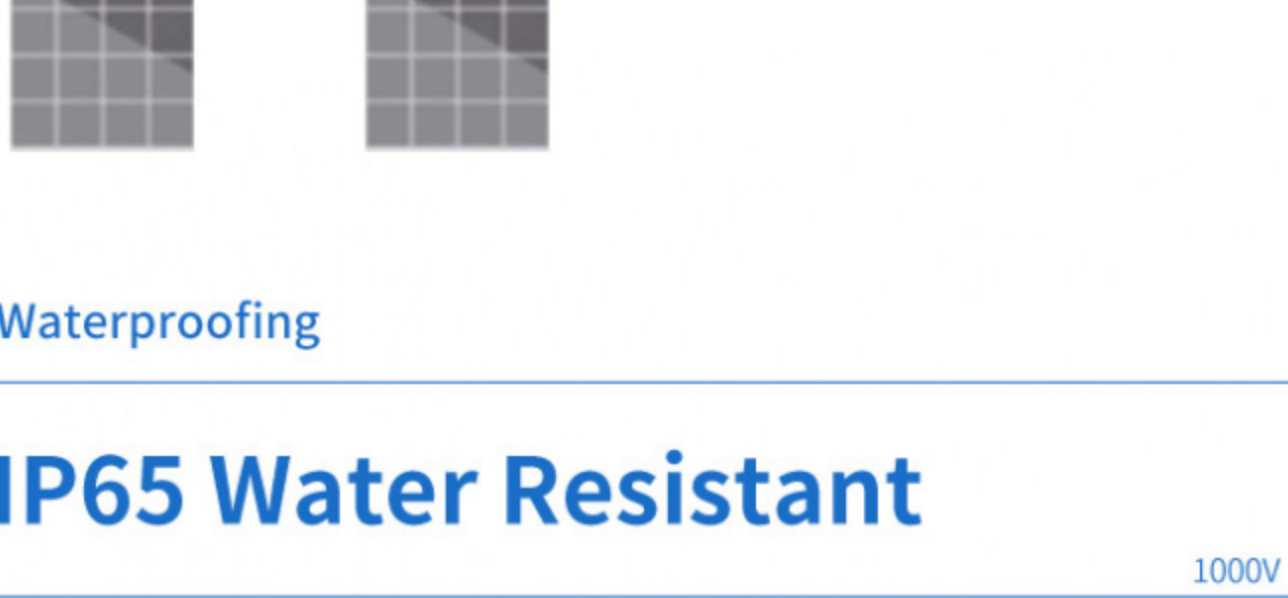

·Adapter Connector
PV004/PV005

·Protection Degree
IP65

·Flame Class
UL94 -V0

五汇一汇流筒示意图

Waterproofing

IP65 Water Resistant

1000V

Passed strict testing, multiple waterproof design

PRODUCT DETAILS

PNTECH builds excellence

LOCK CATCH

Snap lock, stable self-locking
Easy to open and close.

Buckle structure
Open and close freely

O-rings
safe and durable

O-RINGS

The connector socket adopts high quality sealing ring to effectively prevent dust and rain from invading

PPO SHELL

The shell is made of high quality PPO material, fire retardant, high and low temperature resistance, UV resistance, corrosion resistance, long service life.

PRODUCT PACKAGING

Product packaging diversity reference, can be customized according to demand boxes, bags, hanging cards, etc.packages.

CERTIFICATES

COMPLETE QUALIFICATION,
TÜV, IEC, CQC, CE, ROHS CERTIFICATES.
