

Shenzhen Mioulong technology Co.,Ltd.

&Linkingsmart

Shenzhen Miolentek Co.,Ltd. was founded in 2015. Based on branding of Miolentek and Linkingsmart, We focus on designing, researching and developing, manufacturing and selling solar panel and related products. Including customized small size Epoxy solar panel, PET solar panel, ETFE solar panel,semi-flexible solar panel; by utilizing Polycrystalline solar cell, Monocrystalline solar cell, Sunpower solar cell. Our product is widely used in LED lighting and IoT industry etc.

We have many self-developed designs and molds for you to choose from. With our rich experience and considerate services, we have been recognized as a reliable supplier for many international buyers of solar panel. We operate our in-house facilities to work on your OEM/ODM projects.

With a monthly production capacity of 1500,000 pieces of solar panel Products, we can fill your bulk orders with ease.

To ensure quality, we have a QC department to carry out strict inspection at each stage: incoming inspection (IQC), in-process inspection (IPQC) and final inspection (FQC).

Our products sell well in mainland China and overseas markets, such as Europe, America, Oceania, Africa and other countries and regions in Asia and are favorably appraised by clients.

To benefit from our strong OEM/ODM capabilities and considerate services, contact us today. We will sincerely create and share success with all clients.
