

Battery Cluster

CE76120-80 High voltage
Battery cluster

Product Features

- Play and plug design, quick installation
- High inverter compatibility
- Safe LiFePO4 rechargeable battery
- Higher usable energy ratio, less self consumption
- Contains no toxic heavy metals or caustic materials

Technical Data

Battery Rack Size551mm(W)*728mm(D)*2250mm(H)

Rated Capacity120Ah@0.5C,25 °C

Rated Voltage691.2V (216cells)

Voltage Operating Range604.8V~788.4V

Max. Continuous Charge Rate1C@25°C

Max. Continuous Discharge Rate1C@25°C

Ratedl Weight1200kg

Rated Energy82.944kWh
