

## Main features

- \* Compatible with Mutiple Top Brands Inverter
- \* Cells cycles times>4000
- \* Long lifespan:10 years
- \* Smart BMS system inside
- \* High density ,small size and weight
- \* Extensible design, stacked in parallel to increase battery capacity
- \* Simple to connect with the inverter and easy to install
- \* Communication (CAN/RS485/RS232)
